Dear Parents / Carers,

The NI Executive has announced that schools will be closed until the February mid-term break and that children will move to online remote learning. We will continue to remain open daily to receive children of key workers and vulnerable children.

Teachers have been preparing lessons to provide online and we expect that children will login into their learning platforms daily to complete learning tasks.

In order to streamline the provision for key workers, I have created an online form for parents to complete to indicate if children will be attending school each week. The form will be available up to 2pm each Friday and parents are asked to complete before this time. You can also access it through the following link:

**Please note that supervised learning is available in school for children of key workers and vulnerable children only.**

Teachers are available by email to answer queries in relation to remote learning. The school office will be open to receive calls relating to login details etc.

Although this is not an ideal situation for children, parents or the school, we must adhere to current public health and NI Executive guidance. We hope that this period of closure will be brief.

On behalf of the staff, I wish to thank you for your continued co-operation and support during what has been a very challenging number of months. It is very much appreciated.

Kind Regards,

Brian McGrath

Principal
